USES AND DISCLOSURES OF PROTECTED HEALTH INFORMATION REQUIRING YOUR WRITTEN AUTHORIZATION:

Other uses and disclosures of medical information not covered by this Notice or the laws that apply to us will be made only with your written authorization. If you give us authorization to use or disclose medical information about you, you may revoke that authorization, in writing, at any time. If you revoke your authorization, we will thereafter no longer use or disclose medical information about you for the reasons covered by your written authorization. You understand that we are unable to take back any disclosures we have already made with your authorization and that we are required to retain our records for the care we have provided you.

RIGHT TO REQUEST CONFIDENTIAL COMMUNICATIONS: You have the right to request how we should send communications to you about medical matters and where you would like those communications sent. To request confidential communications, you must make your request to the Privacy Officer at this practice. We will not ask you the reason for your request. Your request must specify how or where you wish to be contacted. We reserve the right to deny a request if it imposes an unreasonable burden on the practice.

RIGHT TO BE NOTIFIED OF A BREACH OF PHI: This practice is mandated by law to notify any patient whose protected health information is found to have been subject to a breach. This practice's Privacy Officer will perform a risk assessment of the breach to determine if patient notification is required. Based on the outcome of the risk assessment, the Privacy Officer of this practice will determine the need to move forward with the breach notification. This notification is by first class mail and will be made within 60 days of the discovery of the breach.

RIGHT TO INSPECT AND COPY: You have the right to inspect and copy medical information that may be used to make decisions about your care. Usually this includes medical and billing records but does not include psychotherapy notes; information compiled for use in civil, criminal, or administrative action or proceeding, and protected health information to which access is prohibited by law. To inspect and copy medical information that may be used to make decisions about you, you must submit your request in writing to the Privacy Officer at this practice. If you request a copy of the information, we reserve the right to charge a fee for the cost of copying, mailing or other supplies associated with your request. We may deny your request to inspect and copy in certain very limited circumstances. If you are denied access to medical information, you may request that the denial be reviewed. Another licensed health care professional chosen by this practice will review your request and the denial. The person conducting the review will not be the person who denied your request. We will comply with the outcome of the review.

RIGHT TO AMEND: If you feel that medical information we have about you is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment for as long as the information is kept. To request an amendment, your request must be made in writing and submitted to the Privacy Officer at this practice. In addition, you must provide a reason that supports your request. We may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, we may deny your request if the information was not created by us, is not part of the medical information kept at this practice, is not part of the information which you would be permitted to inspect and copy, or which we deem to be accurate and complete. If we deny your request for amendment, you have the right to file a statement of disagreement with us. We may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal. Statements of disagreement and any corresponding rebuttals will be kept on file and sent out with any future authorized request for information pertaining to the appropriate portion of your record.

RIGHT TO REQUEST RESTRICTIONS: You have the right to request restrictions regarding your medical information. The organization must comply with the requested restriction if, except as otherwise required by law, the disclosure is to a health plan for purposes of carrying out payment or health care operations (and is not for purposes of carrying out treatment) and the Protected Health Information pertains solely to a health care item or service for which the health care provider involved has been paid out of pocket in full. To comply with a restriction you would need to complete a request form available from the Privacy Officer at this practice.

Your request should indicate in what form you want the list (ex: paper/electronically). The first list you request within a 12 month period will be free. For additional lists, we reserve the right to charge you for the cost of providing the list.

RIGHT TO A PAPER COPY OF THIS NOTICE: You have the right to a paper copy of this Notice at any time. Even if you have agreed to receive this Notice electronically, you are still entitled to a paper copy.
